Pilot drones from anywhere with a live pilot or pre-set flight paths

Precision Aerial Dispenser

Patent # 10,501,185

Dispense Smoke & Aerosol Deterrents More Safely

- ✓ **Precisely target violence** by dispensing crowd smoke (OC, CS, or colored) or aerosol spray (OC, CS, inert, or marking)
- ✓ **Engage crime from a safe distance** (up to 600 yards)
- ✓ **Prevent injuries** by spraying gas & aerosol instead of throwing or firing canisters
- ✓ **Eliminate canister throwback**
- ✓ **Decrease liability** by eliminating gas canister injuries

**Use only in compliance with federal, state, and local requirements.*

Rioting/Looting Deterrent

Safely deter violence by precisely engaging perpetrators from a distance.

Quick Culprit Extraction

Cause a culprit to exit a vehicle or building faster by remotely dispensing crime deterrent munitions nearby.

Precision Marking Agent Delivery

Tag perpetrators with superior accuracy by remotely dispensing marking agents.

Fighting/Violence Deterrent

Deter fighting & violence by dispensing crime deterrent munitions on perpetrators from a safe distance.

Trespassing Deterrent

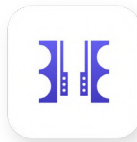

Quickly deter trespassers anywhere on your property from a safe distance.

Payload Possibilities

Carry crowd smoke (OC, CS, or colored) or aerosol spray (OC, CS, inert, or marking) canisters to where they're needed on safe, heat-resistant dispensers.

Plus, manually rotate pepper spray up to 20 degrees to maximize delivery of canister contents.

4 Canister Slots

Carry either 2 crowd smoke canisters or 1 aerosol spray canister per leg, plus quickly reload with ease.

Precision Controller

Use the Precision Controller to dispense each canister exactly when and where you want from up to 600 yards away.

Plus, maximize delivery of aerosol spray by spraying either in bursts or continuously.

Remote Drone Piloting

Fly Drone Missions From Anywhere

- ✔ **Pilot multiple drones remotely** in multiple places at once
- ✔ **Optimize efficiency** by centralizing a remote piloting team in one location (rather than training and deploying lots of on-premise pilots)
- ✔ **Use the Precision Aerial Dispenser** anywhere with cellular or WiFi service (*COMING SOON*)
- ✔ **Set flight paths** and let the AI-pilot fly them for you!
- ✔ **Capture video evidence** of crime, and automatically store it in the cloud

**Use only in compliance with federal, state, and local requirements.*

Remote Aerial Enforcement

Safely confront, deter, & record video evidence of crime from anywhere.

Autonomous Aerial Surveillance

Set predetermined flight paths for your drones to fly whenever you want.

Culprit Extraction

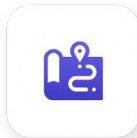

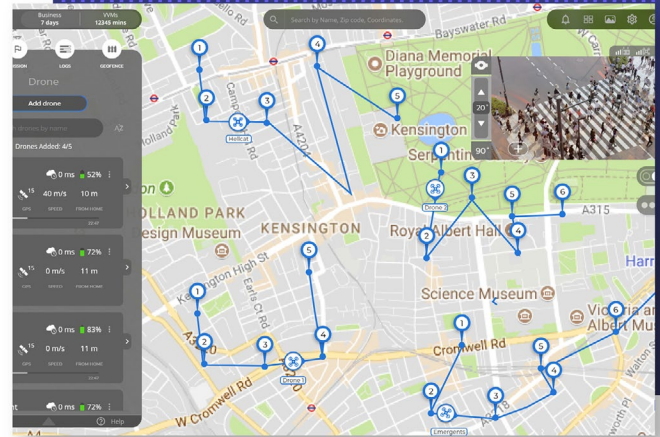

Keep your team safer by sending drones in first to flush out culprits.

Pilot From Anywhere

Fly up to 4 drones per pilot at once from anywhere with cellular or WiFi signal.

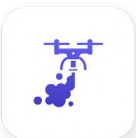

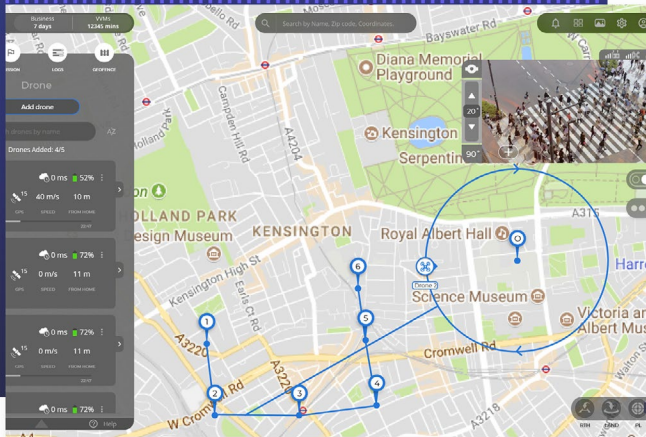

Plus, easily review past flight paths, data, and captured videos & photos in your Logs.

Create Autonomous Flight Paths

Set flight paths on a map using GPS pinpoints to send your drones into action all on their own using the Mission Manager, and set Geofence perimeters to restrict flight paths to certain areas.

Plus, take over with manual piloting at any time.

Dispense Deterrent Munitions Remotely (COMING SOON)

Remotely dispense crime deterrent munitions exactly where you need them with your Precision Aerial Dispenser from anywhere.
